Romans 11:1-11

THEME:

The Remnant of Israel

Read Romans 11:1-11 and consider these questions.

1. Have you felt alone in a circumstance, not realizing that God is at work? How has this passage helped you become more confident in God's grace?
2. What points in this passage helped you see God's character in a way that assures you?
3. How does a deeper understanding of grace, and what we've learned up to this point, in Romans, help you evangelize?
Has it changed your view in any way?
4. God's grace and justice working together in a beautiful way is one of the major themes of this study. What are some moments in your life that were hard to accept, and later you realized it was God moving you forward in maturity?
Does this passage cause you to worship God even more?
5. Take time to contemplate ways you see God's grace and justice working together in the Bible and in your life.
